- You are enrolling in your employer’s retirement plan for the very first time, **OR**

As part of your initial account access, you’ll be guided through a series of steps to create a comprehensive retirement savings strategy, including your investment selections, your contribution/savings rate, and your account’s beneficiaries.

Step 1 Go to raweb.ingham.com

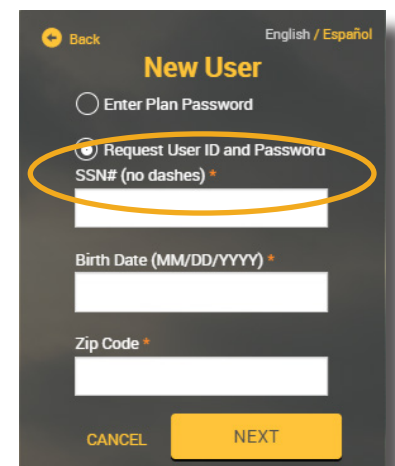

Step 2 Click **New User** in the top left corner of the log-in tile.

Below the button are two input fields: "User ID: *" and "Password *". Between these fields is a link that says "Forgot User ID or Password?". Below the password field is a dropdown menu labeled "Participant". At the bottom of the form is a yellow button labeled "LOGIN". A note at the bottom of the form reads: "Note: Both entries are case sensitive. If you fail to login three consecutive times your account could be disabled."

Step 3 Select the **Request User ID and Password** option on the New User tile (**please do not select Enter Plan Password**). Enter your Social Security Number (no dashes), your Birth Date (MM/DD/YYYY), and Zip Code, and select **Next**. You will then be asked to verify your Birth Date and Zip Code.

Important Note: to initiate your enrollment, for security purposes the Zip Code that you enter must match the Zip Code that was provided to us by your employer. If you attempt to enter a Zip Code and receive an error message, please do not enter that same Zip Code a second time or your account will be locked. Instead, please verify the Zip Code that was provided to us by your employer before you try again.

Below the selected option is an input field for "SSN# (no dashes) *". Below that is an input field for "Birth Date (MM/DD/YYYY) *". Below that is an input field for "Zip Code *".
